Talking points should acknowledge the CDPH personnel by name we have been working with for the last couple of years.

In case you want to review the general talking points we would like to provide RA for his quick call with head of CDPH. I am checking on the last point. I think this would be the first time the RA may heard about it. If so, we may need to provide additional info. I am checking with Lilly because it may have come up during the tour. Regardless, let us know if you have any comments. My understanding is that you will join him on the call.

Director Karen Smith

Dear Angeles,

I apologize for the delay in sending this draft for your review. The call is expected to last 10-15 min, so I only suggested a few broad general points. Please let me know anything else you need.

Lily Lee
